

**Federal, National, State and Academic Labs**  
Advanced scientific ecosystem includes thousands of scientists and engineers, world-class facilities

**Unique Research Centers**  
Leading-edge centers in emergent bioscience fields

**R&D Centers of Excellence**  
Frequently awarded and honored centers exploring major issues

# BIOTECH IN HAMPTON ROADS

**IBM Watson**  
Unique global imaging collaborative paves bioscience road ahead for the region

**Optical and Sensing Tools**  
Innovative products and processes to support 21st century bioscience

**Novel Therapy Products**  
Including LifeNet: a world-renowned organ procurement and tissue banking organization and leader in regenerative medicine

**Incubators and Commercialization Assets**  
Robust suite of facilities, entrepreneurship support services and funding
