Steve duBois, Intellectual Property

Steve duBois has 30 years of intellectual property experience spanning government, private and start-up positions. Acting as the Managing Partner/Owner of **Patent Portfolio Builders, PLLC (PPB)**, he has drafted and prosecuted hundreds of original patent applications and authored numerous patent opinions and studies related to the scope and validity of patents. Steve has negotiated and drafted license agreements for corporations and individuals and operates as de facto in-house patent counsel for start-ups. His technical background is Electrical Engineering.

PPB has an extensive knowledge and passion for working with startups and helping them develop and protect their IP as well as creating custom IP strategies to maximize the value of their IP and to make sure it is aligned with each startup's specific business goals.
